Excellent Product and Exceptional Support from Ashish!

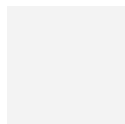

Reviewed in India on 21 December 2024

Size: Orion 90 Cm New **Verified Purchase**

I recently purchased the "Beyond" kitchen chimney, and it has truly exceeded my expectations in every way. The sleek design complements my kitchen aesthetics perfectly, and its performance is outstanding. It effectively eliminates smoke and odors, leaving the kitchen fresh and clean. The suction power is impressive, and the noise level is minimal, which makes cooking a much more pleasant experience.

What truly sets this purchase apart, however, is the customer service I received during the installation process. A special shoutout to Ashish from the escalation team, who provided exceptional support. He was prompt, professional, and went above and beyond to ensure the installation was seamless and hassle-free. His expertise and patience were truly commendable, and it's rare to come across such dedicated customer service.

If you're considering a kitchen chimney, I highly recommend "Beyond Orion" not just for its quality product but also for the excellent after-sales support. Thank you, Ashish, for making this experience truly delightful!

Orion - 90 Review

Reviewed in India on 7 April 2025

Size: Orion 90 Cm New **Verified Purchase**

The chimney is thoughtfully designed with excellent functionality. It features strong suction power and convenient light controls, both accessible via an Android touchscreen as well as manual soft-touch buttons. This means you can operate the

chimney immediately using the soft-touch buttons, without needing to rely on the Android interface. Additionally, the built-in Android system allows you to play music or videos independently, which is a great way to make your time in the kitchen more
