5 Brilliant

Excellent choice for anyone looking a premium smart TV.
Excellent picture quality, vibrant colors.

Some people are complaining about sound but if u turn on bass enhancement and dts dialog clarity, sounds becomes amazing.

4 Good choice

This tv delivers a good viewing experience with its stunning 4k QLED display, providing deep blacks and vibrant Colours. The slim design and premium build quality make it a stylish addition to any living room. Overall, it offers excellent value for its price, making it a strong contender in the premium TV market.

Cons: The sound quality could use improvement, particularly through software updates. The bass is notably weak, which may detract from the overall audio experience.
